# ABOUT PROFAB

## WHO WE ARE

Profab Chassis in Whitehouse Station is easily accessible from rt 78. Boasting a 10,000 sq ft shop with an in-house Dyno, 7.5 tonne crane, jig bench, in house body shop, tig welder, mig welder, aluminum welder, tube bender as well as high tech staples Profab leads the field in High End Performance Shops. Our clients race throughout the country winning many accolades with the help of our team.

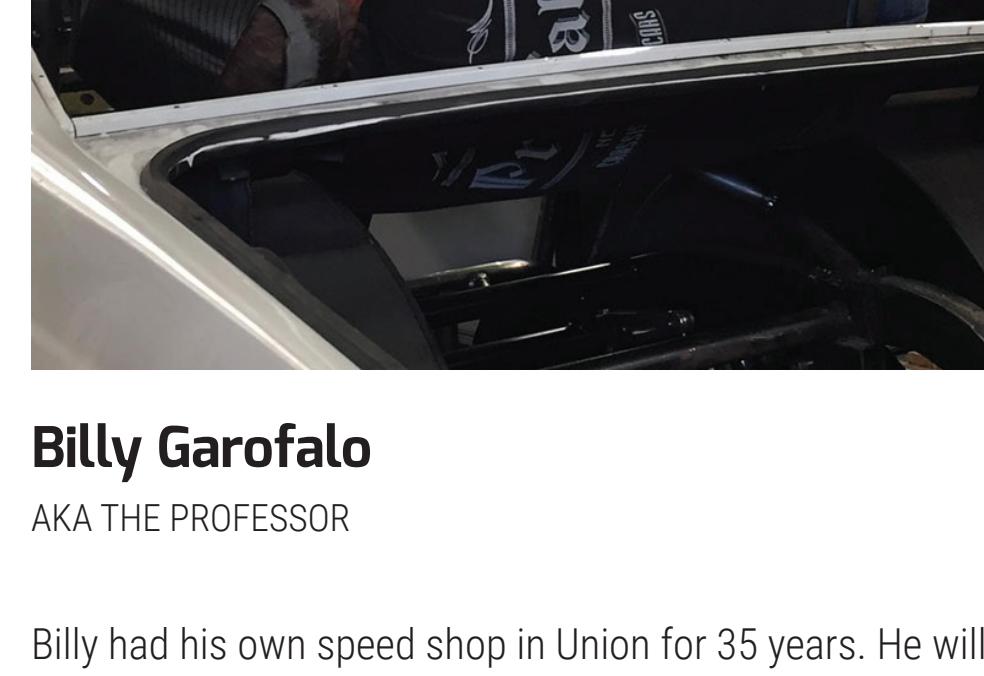

**Joe LaVecchia**

AKA THE ROCK

Fast forward 35 years from Union Sonoco Joe decided to open Profab with his partner Billy. Joe also runs the state of the art Dyno.

**SPECIALIZING IN**

- Braking
- Engine work
- Rear ends

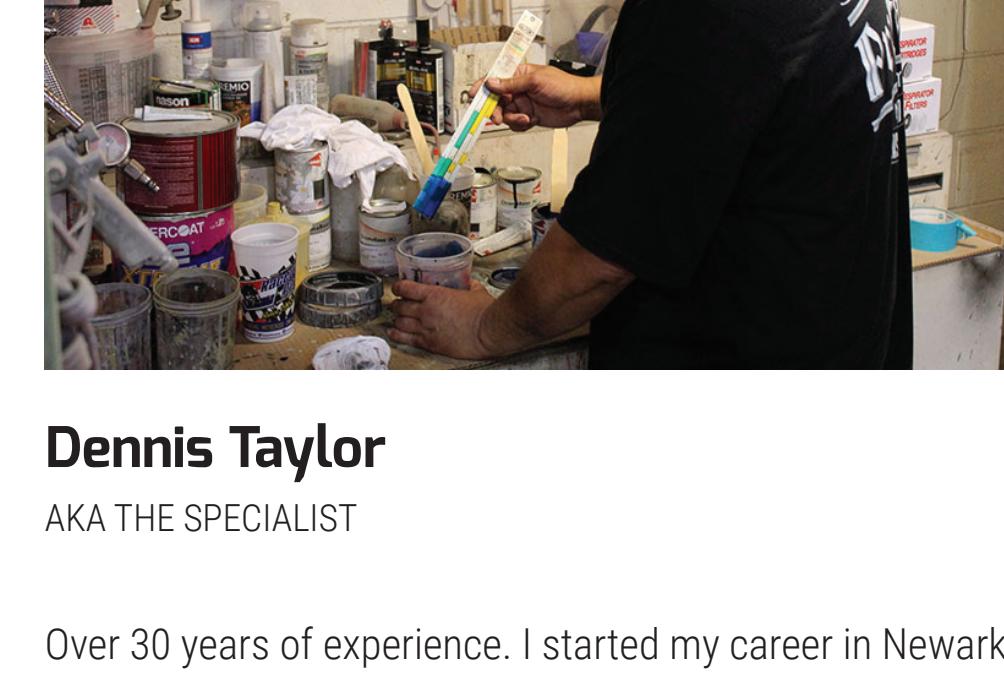

**Billy Garofalo**

AKA THE PROFESSOR

Billy had his own speed shop in Union for 35 years. He will create or enhance your dream car.

**SPECIALIZING IN**

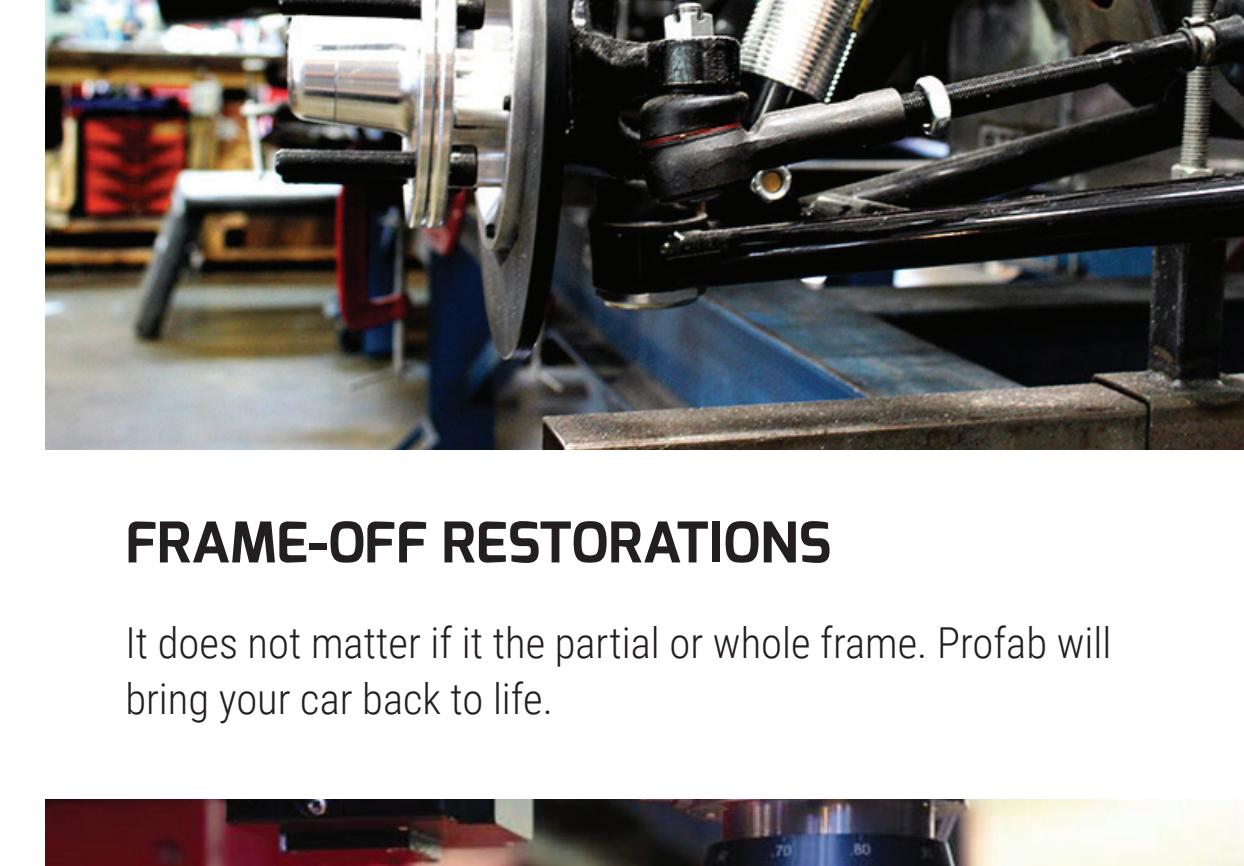

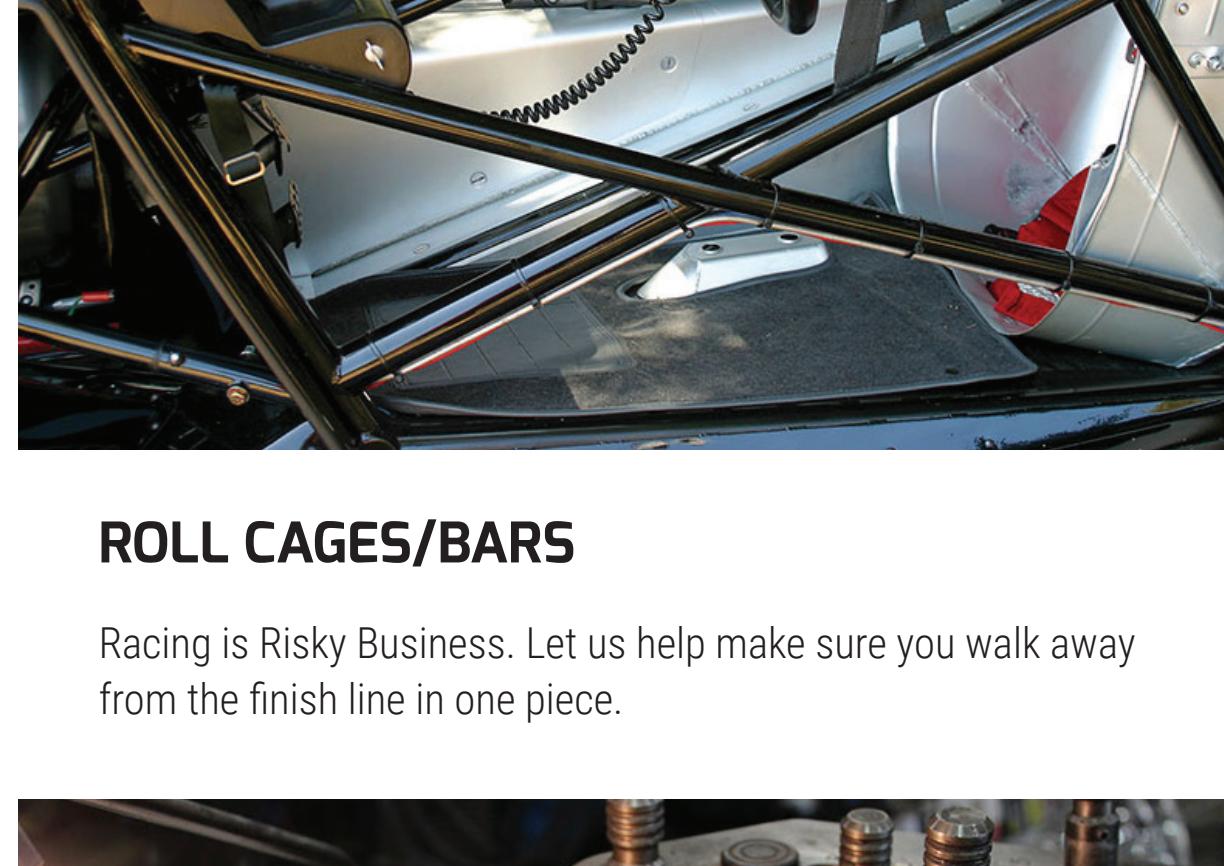

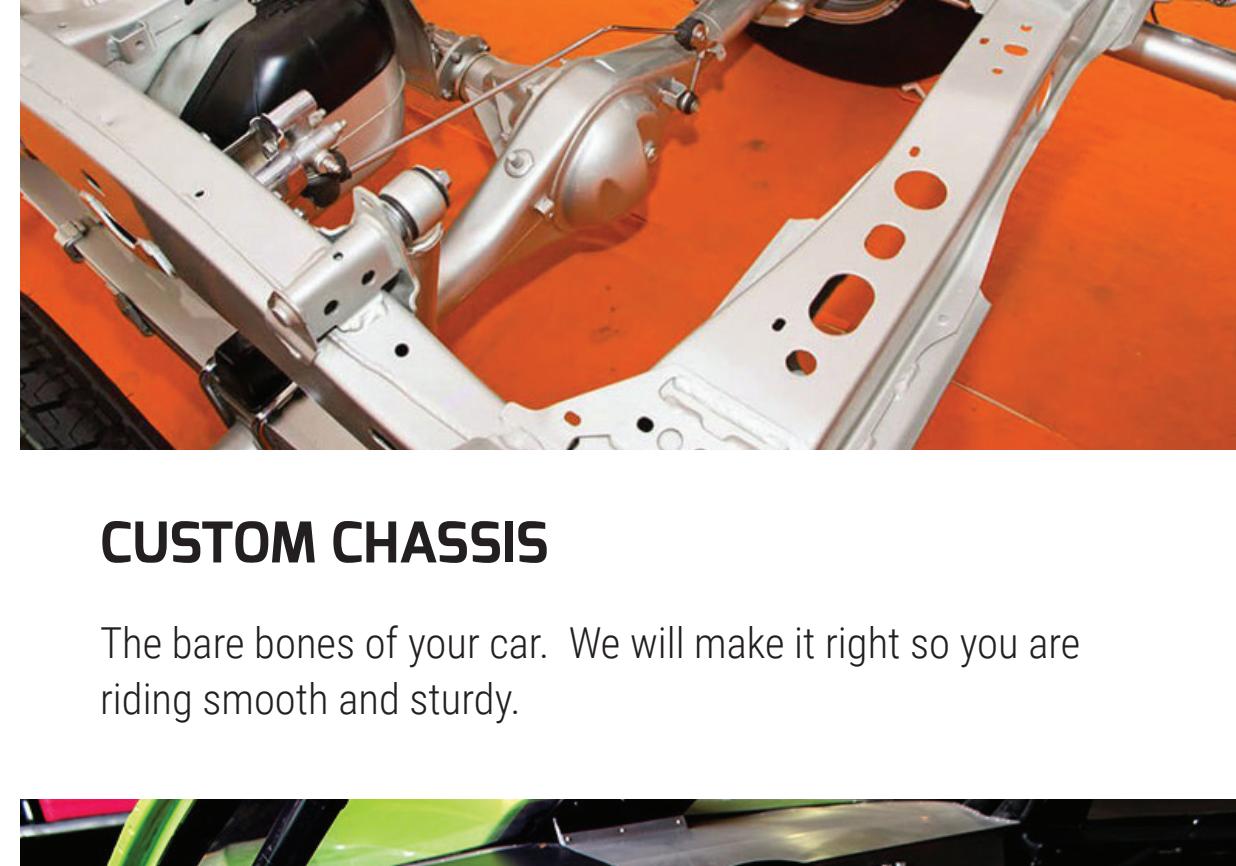

- High performance engine building
- Tubework
- Wiring race-cars and roll cages

**Dennis Taylor**

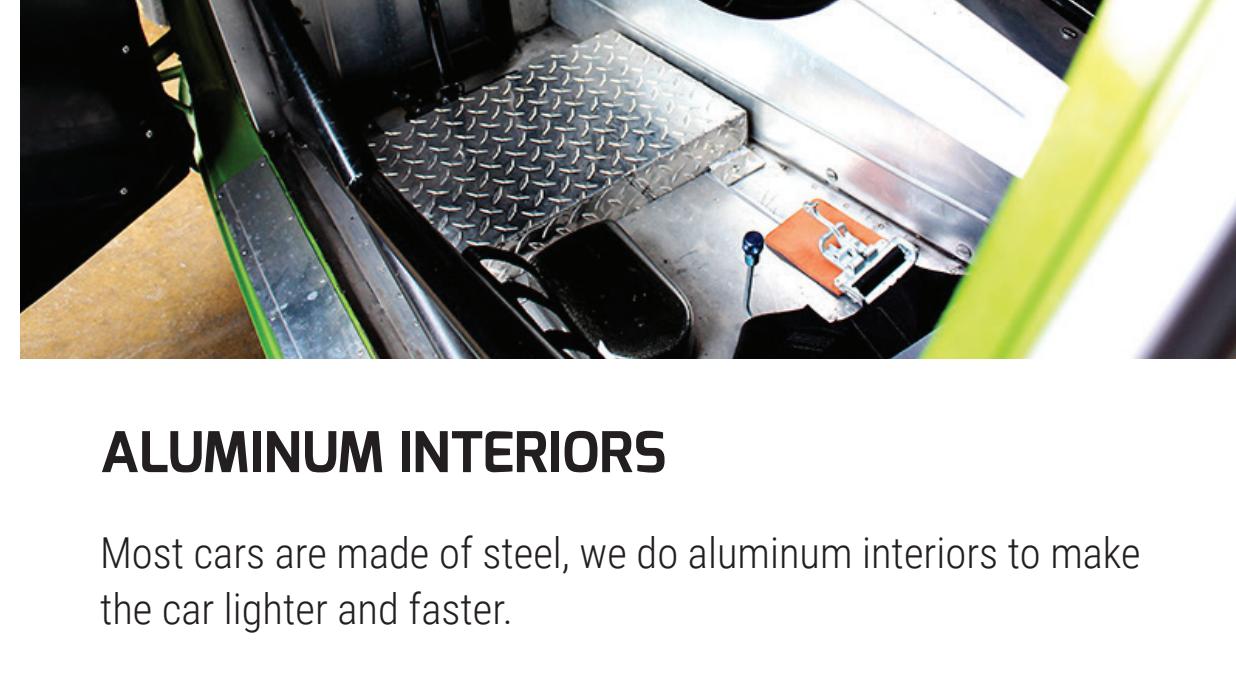

AKA THE SPECIALIST

Over 30 years of experience. I started my career in Newark NJ where i learnt my craft of bodywork. I opened my own shop in Hillside NJ and was successful for 15 years and was approached by the guys at Profab to become their bodywork specialist. With a combination of patience and knowledge my paintwork, bodywork, fibre-glasswork and framework set us apart from our competitors.

## WHAT WE DO

**CUSTOM CHASSIS**

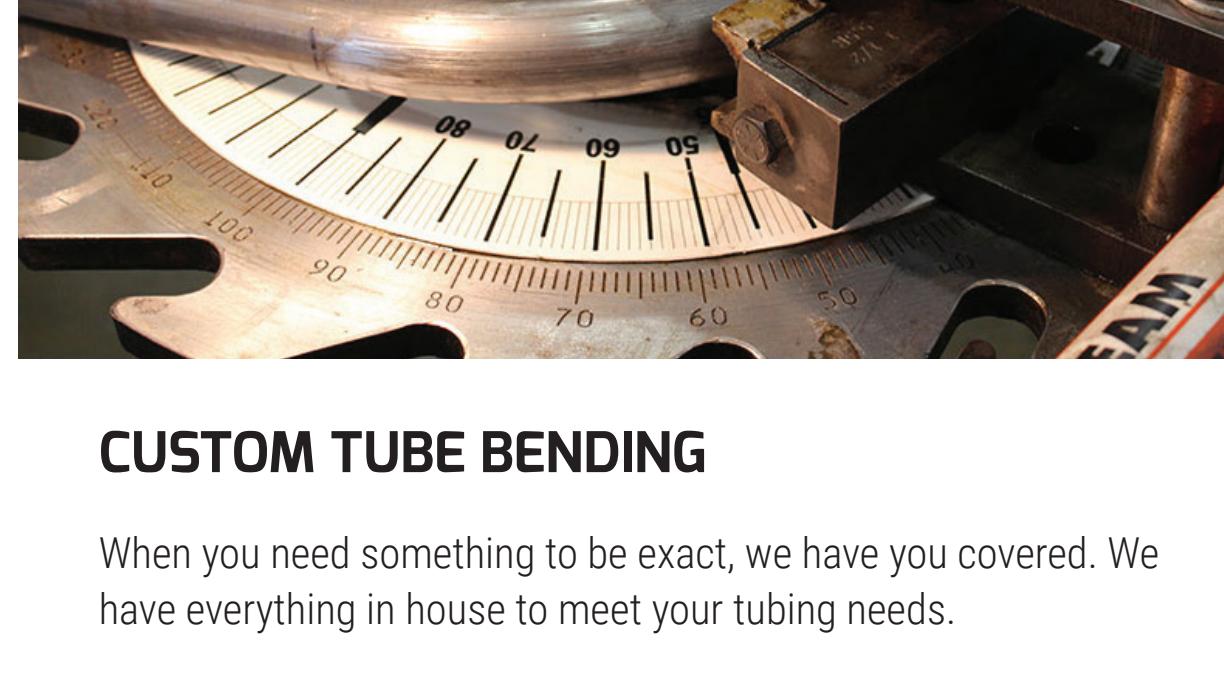

The bare bones of your car. We will make it right so you are riding smooth and sturdy.

**ALUMINUM INTERIORS**

Most cars are made of steel, we do aluminum interiors to make the car lighter and faster.

**ROLL CAGES/BARS**

Racing is Risky Business. Let us help make sure you walk away from the finish line in one piece.

**CUSTOM TUBE BENDING**

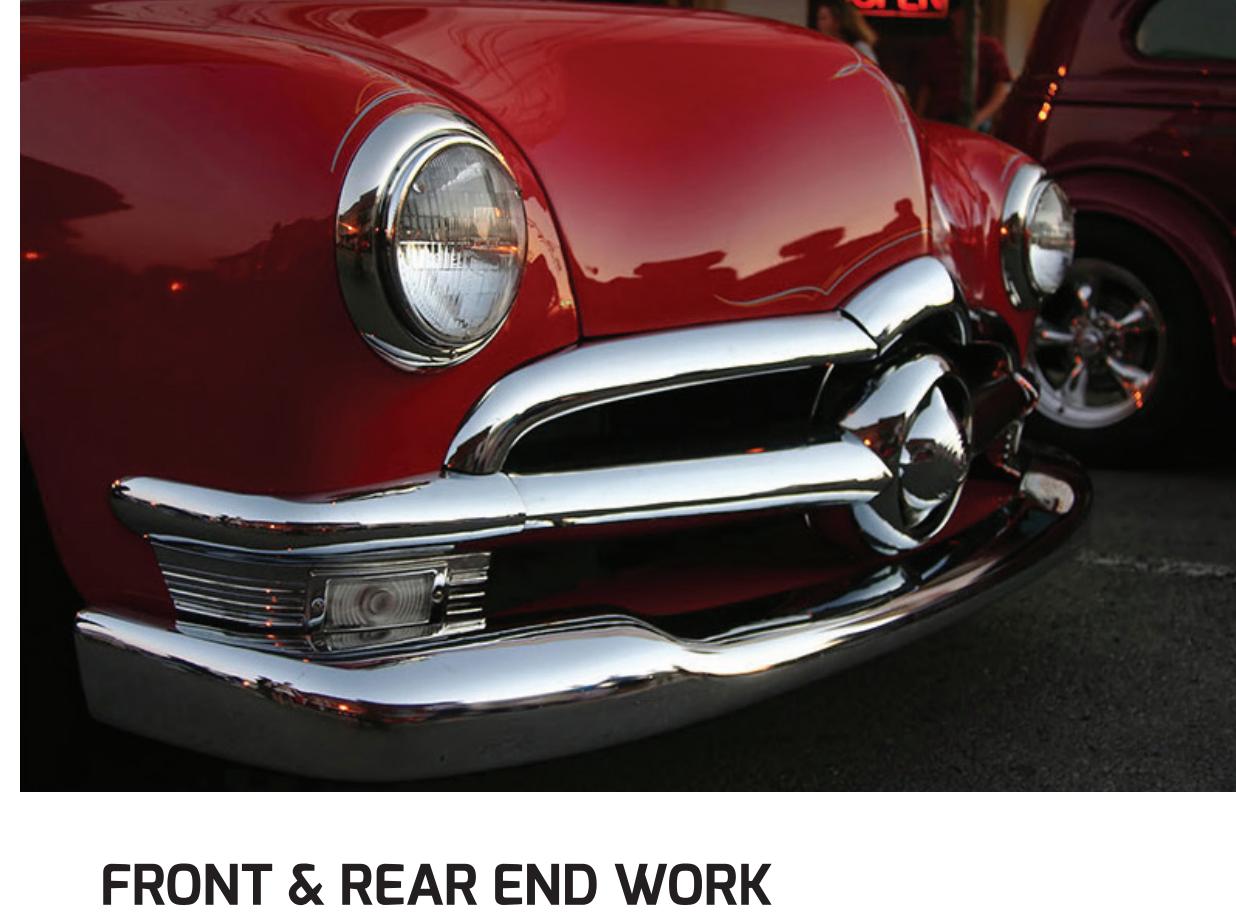

When you need something to be exact, we have you covered. We have everything in house to meet your tubing needs.

**FRAME-OFF RESTORATIONS**

It does not matter if it the partial or whole frame. Profab will bring your car back to life.

**SHEET METAL FABRICATION**

Have something special in mind that doesn't exist? We have you covered with expert craftsmanship.

**FRONT & REAR END WORK**

Got a problem at the front, Back or under the hood? Let us take a look and put things right!

**BRAKE SYSTEMS**

Just because you have a need for speed, does not mean you need to sacrifice safety. We will rig up your ride with what it needs to stop safely.

**MIG & TIG WELDING**

You won't be bursting at the seams once we finish the job. What good is a car that falls apart in mid drive?
